

## BeachMed-e - Measure 3.2: ICZM-MED

### Questionnaire for Stakeholders

You have been identified as one of the main stakeholders in the field of coastal zone management in your region. We would value your comments, observations, and suggestions and kindly ask you to complete this questionnaire.

The results of this evaluation shall assist the Region to review the Coastal Zone Management.

The questionnaire is anonymous and all information will be treated with strict confidentiality.

For more information please contact: .....

#### **A) Information**

Gender:  M  F, Age:  18-28  29-49  50-65  >65

Education and degrees:  obligatory  high school  
 university (degree ..... )  other.....

What is your institution? .....

What is your position in your institution? .....

In which way are you involved with coastal zone management?  
.....

#### **B) ICZM PERCEPTION**

1. Please give a short definition of the “Coastal Zone”

2. Do you know what “Integrated Coastal Zone Management” is?

- A. No  
B. Yes .....

3. Do you know any organization dealing with the “Integrated Coastal Zone Management”?

- A. No  
B. Yes .....

4. Are you aware of any relevant legislation concerning the management of the Coastal Zone in your country?

- A. No  
B. Yes .....

5. In your opinion, is there a need for important new laws, regulations or policies to regulate and manage coastal zones in your country?

- A. No
- B. Yes .....

6. In your opinion, all the actions that have been taken in the area for the Coastal Zone Management are sufficient?

- A. Yes
- B. No

If **no**, please explain .....

7. Which other institutions/organisations are involved in the Coastal Zone Management in your region?

.....  
.....

8. Which other stakeholders (institutional and not), in your opinion could possibly take part in the Coastal Zone Management, in order to have an Integrated "Solution" for the problems of the area?

1) ....., 2) ....., 3) ....., 4) ....., 5) .....
---

9. Do you think that the collaboration between the stakeholders that work on the Integrated Coastal Zone Management is efficient?

- A. No
- B. Yes

<i>Please mention any problem:</i>
------------------------------------

10. How can this collaboration be improved?

.....  
.....

11. Do you feel participatory methods (regional forums, workshops or conferences, questionnaires/interviews, awareness programmes), were sufficiently used in the preparation of the national ICZM strategy?

- A. No
- B. Yes .....

12. In your opinion, how can people, apart from public institutions, could be involved in the "Coastal Zone Management"?

.....  
.....

**C) COASTAL EROSION PERCEPTION**

13. Do you know what “Coastal Erosion” is?

- A. No
- B. Yes

*If yes, please give a short definition of the “Coastal erosion”:*

14. Are you aware of any problems caused by “Coastal Erosion” in your area?

- A. No
- B. Yes

*If yes, please name some of them and describe briefly:*

15. Are you aware of any other areas (in the region) that face any problems?

- A. No
- B. Yes

*If yes, please name some of them and describe briefly:*

16. Do you think that “Coastal erosion” has affected professionals in the area (i.e. tourism)?

- A. No
- B. Yes

*If yes, please describe briefly how:*

17. Did any organization/institution inform you about the Coastal Zone condition?

- A. No
- B. Yes .....

## D) COASTAL DEFENCE PERCEPTION

18. Do you know if there are methods to defend the beach from erosion?

- A. No
- B. Yes

19. Do you know the different Coastal Defense systems that can be applied in your area?

- A. No
- B. Yes

20. Please chose which one would you suggest:

- Parallel hard structures emerged (Photo 1)
- Parallel hard structures submerged
- Soft systems (i.e: adding new sediment) (Photo 2)
- Perpendicular hard structures emerged (Photo 3)
- Composite interventions (submerged breakwaters, groynes and nourishment) (Photo 4)
- Other.....
- None

Different kinds of beach defence techniques

21. Do you know the drawbacks of these methods?

- A. No
- B. Yes

If yes, which one of the two methods (Soft and Hard) has a mayor impact concerning the following:

**Soft Hard**

- Pollution
- Impact on plants and animals
- Sand quality
- Aesthetic/Landscape
- Costs

22. Is there any “Coastal Defense System” in your area?

- A. No
- B. Yes

If **no**, considering that coastal defenses may cost around .....€/km, do you think this cost would be justified in the area you are responsible for?

- A. No
- B. Yes

If **yes**, how much does it cost? .....€/km..

If **yes**, did you notice any change in the coast?

- A. No
- B. Yes .....
- .....

23. In your opinion, all the actions that have been taken in the area especially in the protection of the coastal from erosion, are sufficient?

- A. Yes
- B. No

If **no**, please explain .....

24. In your opinion, what else must be done by the stakeholders in the area in order to protect the Coastal Zone from erosion?

.....  
.....
